

Kalmar Nyckel Foundation

Independent Study Crew Training Program

Application

This is an application for the independent study crew training opportunity offered by the Kalmar Nyckel Foundation. Because our crew is made up mainly of volunteers, we have an extensive training program that all volunteers are required to complete. This independent study crew training program is designed for people with extensive sailing experience (preferably square-rig), who are willing to commit several months or more of time during the sailing season. In addition to sailing experience and time commitment, educational background will also be considered in selecting participants for the Independent Study Program. Please include a resume and 3 references. Applicants are required to be in good physical condition to meet the rigorous demands of a sailing ship. The program has no cost other than a materials fee of \$101.00 (which includes \$42.50 for an initial drug test to be done before arrival on board) and \$17.92 for a background check (payable on-line directly to the company doing the check). The independent study program participants will be provided room and board, at no cost, in exchange for hard work and maintenance. To ensure that you are a good candidate for this program, we will contact you for a phone interview if you meet the requirements of this program.
